EVENT DETAILS

The Western United States Agricultural Trade Association (WUSATA®) and the 13 Western State Departments of Agriculture, announce participation and registration in the following activity, brought to you by the USDA's Foreign Agricultural Service:

Korea Foodservice & Ingredient Inbound Trade Mission to ID & WA ~ June 25-28, 2019

This is an excellent opportunity to participate in the growing Korean market, which remains the 5th largest agricultural export market for the United States. In 2017, the U.S. exported over \$7.9 billion in agricultural products to Korea, up from the previous year. Korea is a fast-paced market where new ideas and trends are eagerly tried and accepted, and the HRI foodservice industry continues to expand as consumers demand more diversified and sophisticated choices under increased income levels. Korea generates new opportunities for imported products that offer new tastes, healthy recipes, added-value, stable supply, consistent quality, and specifications catered to the industry. This activity is designed for Western U.S. companies interested in the rapidly-growing Korean market. Companies will meet for table-top and one-on-one visits with qualified ingredient and foodservice buyers, or have the option to host the delegation for a site-tour if the schedule allows.

Benefits of Participating:

- Connect with pre-qualified ingredient and foodservice buyers representing South Korea that are hand-selected by WUSATA's
