Food Ingredients – Trade Mission to Guangzhou - March 21, 2016

This will be an excellent opportunity for companies to participate in the rapidly growing China food ingredients market. Last year U.S exports of food ingredients to China were \$50.5 billion with a growth of 22.9% from 2011. Guangzhou, Beijing and Shanghai are home to the majority of food manufacturers and processors in China. This opportunity allows you access to the market of 1.3 billion people living in China. The increasing appetite for Western-style food products and the demand for food safety are assisting in the large boost in demand and sales.
